Raja Tasawar (C) Raja Wasal Ahmed (Sup) Arshad Ali Nasir Ahmad	Talib Jan (C) Gul Muhammad (Sup) Mutabar Shah Rashid Kifayat Ullah	Farid Ahmad Raza (C) Gul Muhammad Shami Akbar Atta Hussain Ali Atif

Executive summary

This was the third training event of the series of MTB MLE Curriculum & Instructional Development trainings. This time the training was held on site at each language group community, 2-day individual meetings to provide full guidance and support, to ensure they understand, feel confident for the task, and make progress.

During the workshop, the language group drafted 12 primer lessons, 8 small stories, and 8 listening stories with the consultation of facilitators.. They planned to continue drafting the lessons for their primer. The third and last workshop was organized by the Khowar language group in Chitral. During the workshop they also worked on the instructional materials for the first year of their MLE School, completing the draft of 12 primer lessons, 18 reading stories. 8 listening stories, and 8 songs and rhymes. Again, we provided full support during the process.

In general, there was a good participation in all sessions. They completed their work papers and handed them over to the facilitators. In the end, we told them about the possibility of holding another DTP and LMD workshop in October. They promised to come to that workshop having completed all pending tasks and drafts of Instructional materials for year 1.
